

GET THE PERFECT CUT

EZ CUTTER

CLEAN CUT OF TUBULAR
PIPES ON E-LINE WITHOUT
EXPLOSIVES

BENEFITS

**NO
CHEMICALS**

**NO
EXPLOSIVES**

**WIDE PIPE
DIAMETER
RANGE**

**EASY
FISHING**
(no polishing
required)

**CLEAN
CUT**

**SAVE
TIME**

**SAVE
MONEY**

SPECIFICATIONS

Run on E-line, the EZ-Cutter is the newest award winning cutting technology that enables clean and perfectly controlled cuts without the use of explosives or chemicals. Its only requirement is to have conductive fluid in the well. Adapted for pipe recovery or completion removal, the clean and precise cut enables considerable rig-time savings as no additional polishing is required. The pipe is ready to be fished! One same tool can cut the wider range of pipe diameters in the market, and has proven to be successful in complex situations where other techniques find their limits.

**MAKE THE SMART CHOICE,
CUT WITH EZ-CUTTER AND
SAVE TIME & MONEY!**

TEMP	125°C
P	10 kpsi
